## **Braden - PACCAR Winch**

Braden Winch has manufactured winches since the 1920s. In all their years and after millions of winches, they still steel-stamp the serial number into a housing or side plate on the winch. It might not always be easy to find, but it is there. In every case with a Braden Winch, the first 2 digits of their 7-digit winch serial number is the year ...

Unlike the Braden MU-2 Series used on the Power Wagons where the winch clutch is exposed, on the LU-4 series it's enclosed in the right housing. To determine what was seized, exploratory surgery would be required. Since the right housing would have to be totally removed, I decided to totally tear down the winch and replace any worn parts.
