**Landscape Architecture and Digital
Technologies | Pro ...**

Landscape Architecture and Digital Technologies: Re-Conceptualising Design and Making, by Jillian Walliss and Heike Rahmann, both academics based in Australia, is a well-reasoned, well-written, and at times polemical book. It critiques landscape architecture's failure to more fully embrace the potentials of digital media.

conference on. all aspects of
technologies in landscape architecture.

DLA Conference

In the world of landscape architecture,
technology is always developing for the
convenience of the designer and, more
importantly, for the benefit of the user.
We are now seeing more modern and
sophisticated tools that only seemed
feasible in science fiction 40 years ago.
